

# TITAN 2500BHC3

Narrow overedging of bath mats.

## APPLICATIONS

This model has been specially designed for bathmats. Three threads narrow (5.5 mm) overedging with easy sewing of external or internal curves even of a small diameter. For perfect results the machine is fitted with a pile pusher, pneumatic footlift and thread tension releaser to make it easier to manipulate the carpet while sewing.

## ALWAYS INCLUDED

- 3 threads : 5,5 mm stitch
- CP/2500DAC : pneumatic pressure foot and tension releaser

## OPTIONS STRONGLY ADVISED

- RPE/2500 : external density adjuster to change n° of stitches
- TA/2500 : upper table AHC
- Set 30566 : tape insertion device
- BW/2500 : blower device for high-pile
- MEM : electronic motor

## SPECIFICATIONS

### SPEED

2800 stitches pro minute

### STITCH WIDTH

5,5 or 6 or 7 mm

### STITCH DENSITY

1 to 10 stitches/cm

### THREADS

Most types of threads

| SPEED                                                                               | STITCH WIDTH                                                                          | THICKNESS                                                                             | FABRIC FEED                                                                           | NEEDLES                                                                               |
